Main Hall Gets Much Needed Repairs

Several newsletters ago, it was reported that a large crack had developed in the southeast corner, running from the lower level through the first floor. After further investigation it turned out to be a symptom of a much larger problem. The 1860 foundation, built with stone and clay tile, had deteriorated. The building had shifted, popping electrical switch plates off the wall and making the door unable to open and close. A rusted, leaky eave in that area exaggerated the problem, letting rainwater sit.

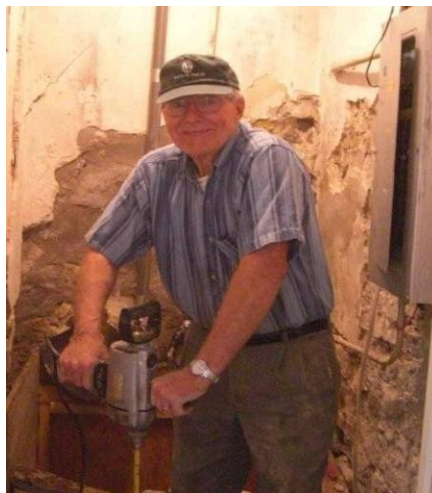

Thanks to the expertise of Gordon Drake with the help of his son, Brian Drake and Phil Watson, the problem has been rectified with 1471 pounds of mortar, yards of steel rebar and three weeks of hard work.

The eave problem was taken care of by Steve Adams '70 of Adams Roofing. He also repaired some rotting eave boards.

The utility sink was replaced and the plumbing reworked - another great improvement.

REPAIRS: continued

Painting of the woodwork in the lower level was completed in April. The lower level exterior windows were painted courtesy of workers from Sam’s Club through the United Way’s “Day of Caring.” Some of the storm windows were in a sorry state and had to be reworked.

Entrance doors with multiple “interesting” repairs over the years have been replaced in the lower level and in the chapel.

Although the painting of the exterior upper windows and cornice of Main Hall was contracted at a cost of \$6,400, it was not completed before the cold weather.

These projects, with the exception of the exterior painting, were done with volunteer help.

Annual Alumni Weekend 2008

Fifty alumni and friends attended the annual meeting luncheon where Eminent Miltonian Awards were given to Frederick Murphy '50 and Michael Patrick Murray '53.

Both men praised their time at Milton College and recalled friends and faculty that were inspirational to them.

Murray (right)*

Murray's acceptance speech concluded with "I could recount my feelings and love for Milton College for hours and still not fully express the depth of my appreciation and I know I can never give back to Milton what she gave to me. I am grateful to the Society (MCPS) for keeping Milton close in all of our hearts, and I am very thankful that we were allowed to be a part of the history of our beloved Milton."

The golf outing was not well attended, and discussions are being held on how to improve it, or if it should be discontinued. Suggestions on improving the weekend are welcomed. The date for the 2009 weekend has not yet been set. Organization help is also needed.

UW-Whitewater announces a new online transcript request service

Twenty-six years after the closing of Milton College, many still contact the Milton College Preservation Society office with requests for transcripts and verification of attendance. Those records are **not** in the possession of MCPS. The records are at UW-Whitewater and may be requested through a new online service.

The UW-Whitewater Registrar's office has launched a new resource for students wishing to order official academic transcripts. The office has partnered with Credential, Inc. to offer a new online official transcript ordering service called TranscriptPlus. You can now order your official transcript online anytime, anywhere.

Go to www.uww.edu/registrar/records_transcripts/official_transcript_request.html

Mail order transcript requests can be sent to:
